

Ifoliz

Iron Polymaltose+Folic Acid+Zinc+Vitamin B Complex

Description

Ifoliz capsule is a combination preparation of Iron, Folic Acid, Zinc and Vitamin B-complex. In the preparation, Iron is present as Iron Polymaltose Complex, a novel Iron preparation. It contains non-ionic Ferric Iron and Polymaltose in a stable complex. Non-ionic, Iron Polymaltose Complex is more stable than conventional Iron form. Folic acid helps proper development of baby. Zinc keeps enzymes working and helps metabolize protein. Vitamins are essential for building up tissue and the release of energy from the breakdown of foods.

Composition

Ifoliz Capsule: Each Capsule contains Iron (III) Hydroxide Polymaltose equivalent to elemental Iron BP 47 mg, Folic Acid BP 0.5 mg, Thiamine Hydrochloride USP 5 mg, Riboflavin BP 2 mg, Pyridoxine Hydrochloride BP 2 mg, Nicotinamide USP 20 mg & Zinc Sulphate Monohydrate USP 61.80 mg.

Indication

Ifoliz capsule is used in the prevention and treatment of Iron, Folic Acid, Zinc & Vitamin B-complex deficiencies.

Dosage and administration

One capsule daily. Two capsules may be required a day in severe cases or as directed by the physician.

Side Effect

Generally well tolerated. Very few allergic reactions may be seen.

Contraindication

Ifoliz capsule is contraindicated in patients with a known hypersensitivity to any of the ingredients of this product.

Drug Interaction

No interactions have been observed. Since, the Iron is complex bound, ionic interaction with foodstuff components (phytates, oxalates, tannin, etc.) and concomitant administrations of medicaments (tetracyclines, antacids) are unlikely to occur.

Precaution

As with all Iron preparations, a dark coloration of the stool may occur.

Use in Pregnancy

Use of any drug during the first trimester of pregnancy should be avoided if possible. Thus administration of Iron during the first trimester requires definite evidence of Iron deficiency. Prophylaxis of Iron deficiency where inadequate diet calls for supplementary Zinc and Folic Acid is justified during the remainder of pregnancy.

Storage

Store at a cool & dry place, protected from light & moisture. Keep out of reach of children.

How supplied

Ifoliz Capsule: Each box contains 3 x 10 capsule in alu-alu blister pack.
