

Reliv Plus

Paracetamol & Caffeine

Presentation

Reliv Plus tablet: Each tablet contains Paracetamol BP 500 mg & Caffeine USP 65 mg

Description

Reliv Plus is a preparation of Paracetamol & Caffeine. Paracetamol is a fast acting & safe analgesic with marked antipyretic property. It is especially suitable for patients who for any reason, cannot tolerate aspirin or other analgesics. Caffeine is a alkaloid, which is a theophyllin-like xanthine derivative. Caffeine increases the solubility & transmembrane permeation with paracetamol.
